

## Welcome to the Academic Coaching Program!

We are glad that you are interested in CTGR's Youth Education Department services. The K-12 academic coaching program is designed to provide students with personalized academic support, either in a one-on-one or small group setting. Academic coaching is provided in-person locally at both Willamina and Sheridan School Districts and, also virtually, for out-of-area students.

### **How does the program work?**

Once the parent/guardian submits a Youth Education ROI (release of information) form for the student or reaches out to the department directly and requests academic coaching- an Academic Advisor will get in touch with the family regarding the student's specific needs and schedule. The Academic Advisor will review the information and assess our coaches' availability and either assign the student an Academic Coach or place the student on a waitlist, if caseloads are too full. Advisors will let the parent/guardian know the timeline for a student beginning coaching and introduce the Academic Coach to the family. The initial coaching meeting will occur, either in-person or virtually, and the student and coach will discuss areas of support needed, set goals, and review coaching expectations and the coaching agreement.

The Youth Education Department serves CTGR enrolled tribal members/ CTGR descendants/ other AI/AN students, and non-tribal family members living in a tribal household (in this order per tribal priority policy).

### **How do we get started?**

Complete the ROI form; it will automatically be submitted to the Youth Education Department.
